<td><strong>Comparison of U of T Engineering with Ontario and Canada, 2010–2011</strong>&lt;br&gt;Enrolment, degrees granted and faculty data comes from Engineers Canada for the National Council of Deans of Engineering and Applied Science (NCDEAS) 2010 Resources Report, based on the 2010 calendar year. Undergraduate enrolment figures exclude non-degree students and those doing a Professional Experience Year (PEY). Full-time equivalent (FTE) enrolment statistics represent averages that take into account all three terms of the year (winter, summer and fall). Undergraduate FTE shows the three-term total divided by two; Graduate FTE shows the three-term total divided by three. Research funding data comes from the Natural Sciences and Engineering Research Council (NSERC) search engine (wwwoutil.ost.uqam.ca/CRSNG/Outil.aspx) and includes grants only for the 2010–2011 NSERC fiscal year (April to March). Major awards data comes from the Director, Awards and Honours, Faculty of Applied Science &amp; Engineering, based on press releases and websites of individual awards for the 2010–2011 grant year (April to March).</td>
</tr>
<tr>
<td>5</td>
<td></td>
<td><strong>Comparison of U of T Engineering with St. George Campus and University of Toronto, 2010–2011</strong>&lt;br&gt;All student enrolment statistics are based on headcount for the fall of 2010 from the Undergraduate or Graduate U of T Reporting Cube (St. George and U of T statistics do not include Toronto School of Theology). All degrees awarded statistics come from ROSI and reflect September 2010 to June 2011 dates (St. George and U of T statistics do not include Toronto School of Theology). All sponsored-research funding statistics come from the U of T Research Reporting Cube (based on 2011 grant year and excludes partner hospitals; includes all program types; data current as of August 2011). Engineering academic staff statistics provided by Assistant Dean, Academic HR &amp; Diversity, Faculty of Applied Science &amp; Engineering (based on HRIS and published lists of faculty members). Engineering administrative and technical staff statistic from 2010 Resources Survey prepared by Engineers Canada for NCDEAS (based on calendar year). U of T academic and administrative staff statistics come from U of T Facts and Figures 2010. Engineering academic staff statistics from U of T Office of Space Management data, November 2010. U of T and St. George space statistics from U of T Facts and Figures 2010, which is available online at: <a href="http://www.utoronto.ca/about-uoft/quickfacts/factsandfigures/Facts___Figures_2010.htm">www.utoronto.ca/about-uoft/quickfacts/factsandfigures/Facts___Figures_2010.htm</a></td>

Chapter 1: Undergraduate Studies

8 1.1 **Applications, Offers, Registrations, Selectivity and Yield of First-Year Undergraduates, Fall 2001 to Fall 2010**<br>All years data for applications and offers are based on annual Admissions Committee reports to Faculty Council (November), counting new admissions only, FT and PT, all years of study. Excludes students with special status. Registrations only are from U of T Undergraduate Enrolment Reporting Cube: Faculty = APSC, New Students Only (based on candidacy session). Cube Parameters: All Fall Terms for 2001–2010, Year 1 (SESLEV), First Time Registered (LEVSTAT), Measure = Headcount.

8 1.2 **Ontario Secondary School Averages of Incoming First-Year Undergraduates and Retention Rate Between First and Second Year with Minimum Cut-Off, Fall 2001 to Fall 2010**<br>Averages of incoming first-year students and minimum cut-offs calculated using data from Ontario Universities’ Application Centre. Retention rates based on Undergraduate Enrolment Projections documents, published by the U of T Planning and Budget Office, October 2010 and January 2011.
1.3 Incoming First-Year Undergraduates with Percentage of Women and International Students, Fall 2001 to Fall 2010
Headcount from U of T Undergraduate Enrolment Cube. Excludes students with special status. Cube Parameters: All Fall Terms for 2001–2010, First Time Registered (LEVSTAT), Measure = Headcount, [Gender] and [DOM_INTL] parameters used to calculate percentages of women and international students, respectively.

1.4 Incoming First-Year Domestic and International Undergraduates, Fall 2005 to Fall 2010
Headcount from University of Toronto Enrolment Master Files, the source of U of T Reporting Cube. Includes new and returning students. Excludes students with special status. Cube Parameters: Year 1 (SESLEV), Fall Terms for 2005–2010, Degree Type = Undergraduate, Excludes students with special status.

1.5 International and Domestic Undergraduates, Fall 2001 to Fall 2010
Headcount from University of Toronto Enrolment Master Files, the source of U of T Reporting Cube. Excludes students with special status. Cube Parameters: Fall Terms for 2001–2010, Degree Type = Undergraduate, Excludes students with special status.

1.6 Undergraduates by Academic Area, Year of Study and PEY, Fall 2010
Headcount from U of T Undergraduate Enrolment Reporting Cube. Includes full-time students, part-time students and students on PEY internship. Excludes students with special status. Cube Parameters: Years 1–4, Fall 2010, by Department, Degree Type = Undergraduate.

1.7 Undergraduates by Academic Area, Fall 2001 to Fall 2010
Headcount for the fall of each year from U of T Undergraduate Enrolment Reporting Cube. Includes full-time students, part-time students and students on PEY internship. Excludes students with special status. Cube Parameters: All Fall Terms for 2001–2010, Years 1–4 (SESLEV), Degree Type = Undergraduate, Measure = Headcount, Departments based on [Programs] field.

1.8a Number of Awards Received by Cohort with Total Number of Undergraduate Award Recipients, 2001-2002 to 2010-2011
Data provided by Information Analyst, Admissions Information, Office of the Faculty Registrar, Faculty of Applied Science & Engineering

Data provided by Information Analyst, Admissions Information, Office of the Faculty Registrar, Faculty of Applied Science & Engineering

1.9a Undergraduate Degrees Awarded by Academic Area, 2001–2002 to 2010–2011
Data for years up to 2008–2009 acquired from U of T Degrees Awarded Reporting Cube. Data for 2009–2010 and 2010-2011 (September to August) derived from ROSI. Cube Parameters: Undergraduate, Academic Years 2000–2009. ROSI Download: 5EA (Graduated Students), Faculty = APSC.

1.9b U of T Engineering Degrees Awarded by Academic Area Compared with Canadian and North American Degree Totals, 2009

1.10a Undergraduate and Graduate Full-Time Equivalent Student-Faculty Ratios, 2001–2002 to 2010–2011
Number of undergraduates from U of T Undergraduate Enrolment Reporting Cube. Excludes students on PEY internship and students with special status. Cube Parameters: Fall terms 2001–2010, Degree Type = Undergraduate, Measure = Headcount. To exclude PEY: for 2001–2004 = FT only; for 2005+ AssocOrg = blank. Number of FTE graduate students from U of T Graduate Enrolment Reporting Cube. Cube Parameters: Fall terms 2001–2010, Measure = Total FTE (UAR); excludes students with special status. Number of faculty included in the calculation provided by Assistant Dean, HR & Diversity, Faculty of Applied Science & Engineering (based on HRIS and published lists of faculty).
15  1.10b  Undergraduate Student-Faculty Ratios by Academic Area, 2010–2011
Number of undergraduates from U of T Undergraduate Enrolment Reporting Cube. Excludes students on
PEY internship and students with special status. Cube Parameters: Fall 2010, Degree Type = Undergraduate,
AssocOrg = blank (to exclude PEYs), Measure = Headcount. Faculty Total does not include teaching done
for Engineering by extra-divisional units (esp. Arts & Science departments). Results are not adjusted
for departmental contributions to shared first-year curriculum, Engineering Science or Cross-Faculty
Minors. FTE faculty counts are derived from 2011–2012 (FY12) budget calculations, based on data from

16  1.11  Undergraduate Course Teaching Evaluations by Academic Area, 2005–2006 to 2010–2011
Course evaluation average scores are based on data obtained from the Office of the Registrar,
Faculty of Applied Science & Engineering, which administers the evaluations.

16  1.12  Undergraduate Participation in Summer Research Opportunities, Summer 2011
Information regarding Canadian placements provided by each department and division
within the Faculty of Applied Science & Engineering. International placement statistics
provided by the University of Toronto’s Centre for International Experience.

17  1.13a  PEY Internship Placements for Engineering Undergraduates with Percentage
Statistics provided by Assistant Director, Engineering Career Centre, Faculty of Applied Science & Engineering.

17  1.13b  Canadian and International PEY Internship Placements for
Statistics provided by Assistant Director, Engineering Career Centre, Faculty of Applied Science & Engineering.

18  Text  Pre-University Engineering Outreach
Information and statistics provided by Associate Director, Engineering Student Outreach Office, Faculty of Applied Science & Engineering.

19  Text  Engineering Student Clubs and Teams
Information from the Engineering Society: www.skule.ca

Chapter 2: Graduate Studies

21  2.1a  Applications, Offers, Registrations, Selectivity and Yield of
All data from annual Admission & Registration Statistics reports published by the School of Graduate Studies.

22  2.1b  Applications, Offers, Registrations, Selectivity and Yield of Graduate
Students by Degree Type, 2001–2002 to 2010–2011
All data from annual Admission & Registration Statistics reports published by the School of Graduate Studies.

23  2.2a  Graduate Students by Degree Type, 2001–2002 to 2010–2011
Student counts for fall terms from U of T Graduate Enrolment Reporting Cube. Excludes special

23  2.2b  Graduate Students: International, Domestic and Eligible Full-
EFTE and headcount for fall terms from U of T Graduate Enrolment Reporting Cube. Cube
Parameters: All Fall terms for 2001–2010, Measure = Headcount or Eligible FTE.

24  2.2c  Graduate Student Enrolment by Full-Time Equivalent (FTE) and
All enrolment counts are from U of T Graduate Enrolment Reporting Cube. Cube Parameters:
Measure = Headcount or Total FTE (UAR), Headcounts are reported for all fall terms for 2001–
2010, FTEs are counted by academic year as reported in the cube (May to April).
24 2.3 Full-Time Equivalent (FTE) Graduate Student-Faculty Ratios by Academic Area and Degree Type, 2010–2011
Number of FTE graduate students from U of T Graduate Enrolment Reporting Cube. Cube Parameters: Fall 2010, Measure = Total FTE (UAR). Excludes students with special status. The number of graduate students per department is adjusted as per the budget calculation for inter-departmental graduate student supervision. Number of faculty included in the calculation provided by Assistant Dean, HR & Diversity, Faculty of Applied Science & Engineering (based on HRIS and published lists of faculty).

25 2.4a External Graduate Student Scholarships by Source, 2001–2002 to 2009–2010
All data from U of T Graduate Student Income Reporting Cube, current as of September 2010 (includes complete 2009–2010 academic year). Faculty = APSC, Award Income only.

25 2.4b Number of NSERC Graduate Student Award Recipients by Academic Area, 2001–2002 to 2009–2010
All data from U of T Graduate Student Income Reporting Cube, current as of September 2010 (includes complete 2009–2010 academic year). Faculty = APSC, Award Income only. Source = Federal – Natural Sciences and Engineering Research Council. Measure = Student Count.

26 2.5a Graduate Student Funding by Category, 2001–2002 to 2010–2011
All data from U of T Graduate Student Income Reporting Cube, current as of May 2011. Reported by fiscal year (May to April). Faculty = APSC. Includes funding from all sources except work-study employment income.

26 2.5b Graduate Student Funding by Category and Academic Area, 2010–2011
All data from U of T Graduate Student Income Reporting Cube, current as of May 2011. Reported by fiscal year (May to April). Faculty = APSC. Includes funding from all sources except work-study employment income.

27 2.6 Number of Students Fast-Tracking from MASc to PhD, by Academic Area, 2006–2007 to 2009–2010
Information provided Vice-Dean Graduate Studies, Faculty of Applied Science & Engineering.

27 2.7 Time-to-Graduation for PhD, MASc, MEng & MHSc Graduate Students, 2001-2002 to 2010–2011
All data from ROSI 5EA downloads (Graduated Students). Faculty = SGS, Co-Secondary Org = APSC. Time-to-Graduation is defined as the time between a student’s first enrolment (candidacy session) and the date of convocation.

28 2.8 Graduate Degrees Awarded by Degree Type and Gender, 2001–2002 to 2010–2011
Data for years up to 2008–2009 acquired from U of T Degrees Awarded Reporting Cube. Data for 2009–2010 and 2010–2011 (September to August) derived from ROSI. Cube Parameters: Graduate, Academic Years 2000–2010. ROSI Download: 5EA (Graduated Students), Faculty = APSC.

28 Text Certificates and Programs for Graduate Students
Information provided by Vice-Dean Graduate Studies, Faculty of Applied Science & Engineering.

29 2.9 ELITE Certificates Awarded, 2008–2009 to 2010–2011
Information provided by Faculty Graduate Coordinator, Vice-Dean Graduate Studies Office, Faculty of Applied Science & Engineering.

29 2.10 MEng/SCFI Program Enrolment, Fall 2008 to Winter 2011
Information provided by Graduate Program Administrator, Department of Mechanical & Industrial Engineering.

Chapter 3: Research

31 3.1a Research Funding by Year and Source, and Funding Per Faculty Member, 2002 to 2011
Data from the U of T Research Cube. Current as of August 2011. Organized by grant year (e.g., Grant Year 2011 = April 2010 to March 2011). Faculty = Applied Science & Engineering. Categories as defined in footnote to Figure 3.1a. Number of faculty included in the calculation provided by Assistant Dean, HR & Diversity, Faculty of Applied Science & Engineering (based on HRIS and published lists of faculty). Includes tenured and tenure-stream faculty only.
32 3.1b **Infrastructure Funding as a Proportion of Total Research Funding, 2002 to 2011**
Data from the U of T Research Cube. Current as of August 2011. Organized by grant year. Faculty = Applied Science & Engineering. Infrastructure funding includes the Canada Foundation for Innovation (CFI), the Ontario Research Fund (ORF) and the NSERC Research Tools and Instruments (RTI) Program.

32 3.1c **Canadian Institutes of Health Research (CIHR) and Natural Sciences and Engineering Research Council (NSERC) Funding by Year and Source, 2002 to 2011**

33 3.2a **Natural Sciences and Engineering Research Council (NSERC) Funding, 2011**
Data from the U of T Research Cube. Current as of August, 2011. Organized by grant year (e.g., Grant Year 2011 = April 2010 to March 2011). Faculty = Applied Science & Engineering.

34 3.2b **Industrial Partners, 2010–2011**
Information provided by Vice-Dean Research, Faculty of Applied Science & Engineering.

35 3.3a **Canadian Peer Universities and University of Toronto Share of NSERC Funding for Engineering, Cumulative Five-Year Share, 2007 to 2011**

35 3.3b **U of T Annual Share of NSERC Funding in Engineering, 2002 to 2011**

35 3.4 **Engineering Invention Disclosures by Academic Area, 2007 to 2011**
Information provided by Data Management & Web Content Coordinator, Innovations & Partnerships Office.

36 3.5 **Distribution of Research Funding by Academic Area, 2002 to 2011**

37 Text **Major Group Research Initiatives in 2010–2011**
Information provided by Vice-Dean Research, Faculty of Applied Science & Engineering.

---

**Chapter 4: Cross-Faculty Education and Research**

39 Text **Extra-Departmental Units**
Information provided by: Director, BioZone ([www.biozone.utoronto.ca](http://www.biozone.utoronto.ca)); Director, ECTI ([www.ecti.utoronto.ca](http://www.ecti.utoronto.ca)); and Director, IPSI ([www.ipsi.utoronto.ca](http://www.ipsi.utoronto.ca)). CACT website ([www.mie.utoronto.ca/labs/tsl](http://www.mie.utoronto.ca/labs/tsl)) consulted.

Information provided by Chair, Engineering Science, Faculty of Applied Science & Engineering

41 Text **Interdisciplinary Minors and Certificates for Undergraduates**
Information provided by the Cross-Disciplinary Programs Office, Faculty of Applied Science & Engineering

---

**Chapter 5: Awards and Honours**

43 Text **Selected Awards Received by Faculty Members and Alumni, 2010–2011**
Information provided by Director, Awards and Honours, Faculty of Applied Science & Engineering.
### 5.1 Summary of Major International, National and Provincial Awards and Honours, 2001 to 2010
Information provided by Director, Awards and Honours, Faculty of Applied Science & Engineering.

### 5.2a Number of Major Awards Received by U of T Engineering Compared to other Canadian Engineering Faculties, 2010
Information provided by Director, Awards and Honours, Faculty of Applied Science & Engineering.

### 5.2b Percentages of Engineering Faculty and Total Major Awards Received in Canadian Engineering Faculties
Information provided by Director, Awards and Honours, Faculty of Applied Science & Engineering.

### 5.3 Number of Awards Received by U of T Engineering Faculty Compared to other Canadian Engineering Faculties, 2006 to 2010
Information provided by Director, Awards and Honours, Faculty of Applied Science & Engineering.

### 5.4 Text
University of Toronto Awards Received by Engineering, 2010–2011
Information provided by Director, Awards and Honours, Faculty of Applied Science & Engineering.

### 5.5 Text
University of Toronto Engineering Faculty Awards, 2001 to 2011
Information provided by Director, Awards and Honours, Faculty of Applied Science & Engineering.

### 5.6 Text
University of Toronto Engineering Staff Awards, 2001 to 2011
Information provided by Director, Awards and Honours, Faculty of Applied Science & Engineering.

### 5.7 Text
Engineering Alumni Association Awards, 2010
Information provided by the Office of Advancement and Alumni Relations, Faculty of Applied Science & Engineering.

### Chapter 6: World Recognition by Rankings

### 6.1 Times Higher Education-Thomson Reuters World University Ranking, Top 50 Universities for Engineering and Information Technology, 2010
For more information, please visit: [www.timeshighereducation.co.uk/world-university-rankings/2010-2011/engineering-and-IT.html](http://www.timeshighereducation.co.uk/world-university-rankings/2010-2011/engineering-and-IT.html)

### 6.2a QS World University Rankings and U.S. News & World Report World’s Best Colleges and Universities, Top 50 Universities for Engineering and Information Technology, 2010

### 6.2b Canadian G13 in Top 100 from QS World University Rankings for Engineering and Information Technology

### 6.2c Canadian Universities in QS World Ranking by Discipline for Engineering and Information Technology, 2011

### 6.3a Shanghai Jiao Tong Academic Ranking of World Universities (ARWU), Top 50 Universities for Engineering/Technology and Computer Sciences, 2010
For more information, please visit: [www.arwu.org/FieldENG2010.jsp](http://www.arwu.org/FieldENG2010.jsp)

Information provided by Chief Administrative Officer, Faculty of Applied Science & Engineering. |
Appendices

89  A  Student Clubs and Teams
Information from the Engineering Society: www.skule.ca

90  B.1  University of Toronto Institute for Aerospace Studies Research Funding by Source, 2002 to 2011
Data from the U of T Research Cube. Current as of August 2011. Organized by grant year. Faculty = APSC.

91  B.2  Institute of Biomaterials & Biomedical Engineering Research Funding by Source, 2002 to 2010
Data from the U of T Research Cube. Current as of August 2011. Organized by grant year. Faculty = APSC.

91  B.3  Department of Chemical Engineering & Applied Chemistry Research Funding by Source, 2002 to 2011
Data from the U of T Research Cube. Current as of August 2011. Organized by grant year. Faculty = APSC.

92  B.4  Department of Civil Engineering Research Funding by Source, 2002 to 2011
Data from the U of T Research Cube. Current as of August 2011. Organized by grant year. Faculty = APSC.2011.

92  B.5  The Edward S. Rogers Sr. Department of Electrical & Computer Engineering Research Funding by Source, 2002 to 2011
Data from the U of T Research Cube. Current as of August 2011. Organized by grant year. Faculty = APSC.

93  B.6  Department of Mechanical & Industrial Engineering Research Funding by Source, 2002 to 2011
Data from the U of T Research Cube. Current as of August 2011. Organized by grant year. Faculty = APSC.

93  B.7  Department of Materials Science & Engineering Research Funding by Source, 2002 to 2011
Data from the U of T Research Cube. Current as of August 2011. Organized by grant year. Faculty = APSC.

94  C  Research Chairs, 2010–2011
Information from Canada Research Chair website: www.chairs-chaires.gc.ca, Industrial Research Chair website: www.nserc-crsng.gc.ca/Professors-Professeurs/CFS-PCP/IRC-PCI_eng.asp, the Office of Advancement, Faculty of Applied Science & Engineering, the Office of the Vice-Dean, Research, Faculty of Applied Science & Engineering, and Assistant Dean, HR & Diversity, Faculty of Applied Science & Engineering.

96  D  Engineering Spin-Off Companies, 1970 to 2011
Information provided by The Innovations Group, University of Toronto: www.innovations.utoronto.ca and by faculty in Engineering.

98  E  Descriptions of Major Awards
Information from the Director, Awards and Honours, Faculty of Applied Science & Engineering.

99  F.1  Total Academic Staff by Academic Area, 2001–2002 to 2010–2011
Information provided by Assistant Dean, HR & Diversity, Faculty of Applied Science & Engineering.

100  F.2  University of Toronto Institute for Aerospace Studies Academic Staff by Position with Percentage of Women, 2001–2002 to 2010–2011
Information provided by Assistant Dean, HR & Diversity, Faculty of Applied Science & Engineering.

101  F.3  Institute of Biomaterials & Biomedical Engineering Academic Staff by Position with Percentage of Women, 2001–2002 to 2010–2011
Information provided by Assistant Dean, HR & Diversity, Faculty of Applied Science & Engineering.
Information provided by Assistant Dean, HR & Diversity, Faculty of Applied Science & Engineering.
