

MEMORANDUM

To: Executive Committee of Faculty Council

From: Professor Christopher Yip
Chair, Admissions Committee

Date: January 22, 2013 for February 14, 2013 Faculty Council Meeting

Re: Correction to Report 3365 Revised: Admissions Cycle 2012

REPORT CLASSIFICATION

This is a correction to a previously-issued routine admissions cycle update that will be considered by the Executive Committee for approving and forwarding to Faculty Council for information under “Business Arising”.

BACKGROUND

The Admissions Committee Report to Council is generated at the end of each admissions cycle to report various statistics of that cycle to Council. After the report was issued a discrepancy was noted in the mean OSS admissions average to Faculty. Upon further investigation it was determined that a small number of students were included in this calculation that should have been excluded. The impact of this error changes the mean OSS admissions average from 90.9% to 91.3%. The corrected report has been posted to the Faculty Council website. An updated chart is shown below and the change shaded.

	FT	PT	Total	non-OSS	OS S	F	M	% female	domestic	international	Mean OSS average
Chemical	129	2	131	55	76	42	89	32.1	88	43	89.7
Civil	108		108	33	75	30	78	27.8	88	20	89.8
Computer	93	2	95	40	55	13	82	13.7	71	24	90.8
Electrical	174	5	179	78	101	29	150	16.2	110	69	91.0
Eng. Sci.	316		316	115	201	84	232	26.6	259	57	94.3
Industrial	83		83	39	44	32	51	38.6	55	28	88.7
Materials	57		57	23	34	18	39	31.6	38	19	88.8
