Prior to coming to U of T, Farid held a faculty position at the University of Illinois at Urbana-Champaign (1992-1999). He also worked in the private sector, at the Semiconductor Process and Design Centre at Texas Instruments (1987-1992).

Farid is a fellow of the Institute of Electrical and Electronics Engineers (IEEE). He holds 2 patents; he has authored 3 books, 36 journal publications and over 90 conference proceedings.

From 2004-2007, Farid served as Vice-Chair of the Edward S. Rogers Sr. Department of Electrical and Computer Engineering. In this role he was responsible for administrative leadership of the Department's Awards Committee, the Mentoring program and the Research Computing Task Force.
