MEMORANDUM

To: Executive Committee of Faculty Council

From: Professor Christopher Yip
Chair, Admissions Committee

Date: April 13, 2011 for April 28, 2011 Faculty Council Meeting

Re: **Report of the Admissions Committee**

REPORT CLASSIFICATION

This is a Routine Matter that will be considered by the Executive Committee for approving and forwarding to Faculty Council for information.

BACKGROUND

The following data were provided by the Engineering Undergraduate Admissions Office as of April 8, 2011. Due to the timing of this report the numbers change on a daily basis. A complete report summarizing the 2011 admissions cycle will be presented at the December Faculty Council meeting.

Offers of admission to non-Ontario High School students are made on an ongoing basis until late May/early June. The final round of offers for Ontario High School students will be completed in mid-May.

Total Number of Applications, Offers, Refusals and Acceptances as of April 8th, 2011
