

UNIVERSITY OF TORONTO
FACULTY OF APPLIED SCIENCE & ENGINEERING

Cristina Amon, Dean

MEMORANDUM

2008/09-17 (REV)

To: All Members of the Faculty

From: Cristina Amon, Dean

Date: March 18, 2009

Re: **Appointment of Globalization Minor Working Group**

Purpose

The Faculty of Applied Science and Engineering has appointed a Working Group to consider the introduction of a new minor program in Globalization. The exact name of the new minor is to be determined.

Time Frame

The deliberations of the Working Group will begin immediately and will be undertaken with a view to a detailed recommendation being presented through the Curriculum Committee to the Executive Committee of Faculty Council in September, 2009.

Membership

- | | | |
|--------------------|--|----------|
| 1. Yu-Ling Chen | Professor, Dept. Chemical Engineering and Applied Chemistry | Co-Chair |
| 2. Bryan Karney | Chair, Division of Environmental Engineering and Energy Systems | Co-Chair |
| 3. Sanjeev Chandra | Professor, Dept. Mechanical and Industrial Engineering | |
| 4. Jane Chui | Undergraduate Student, Engineering Science Major in Energy Systems Engineering | |
| 5. Chris Damaren | Vice-Dean, Graduate Studies | |
| 6. Tony Easty | Professor, Institute of Biomaterials & Biomedical Engineering (IBBME) | |
| 7. Murray Metcalfe | Professor Globalization | |
| 8. Sabrina Tang | Undergraduate Student, Industrial Engineering | |

Mandate

1. To determine
 - a. Interest among students
 - b. Interest among Departments
 - c. Resource requirements
 - i. Existing courses within Engineering and U of T; depth and breadth of current globalization activity within U of T
 - ii. New courses, including a core course
 - iii. Faculty to offer courses
 - iv. Staff and technical support required

2. To develop a detailed proposal for the minor
 - a. Select existing courses
 - b. Determine core/elective requirements
 - c. Prepare a fully fleshed-out description of the core courses
 - d. Identify and build on opportunities within U of T for collaboration
 - e. Identify and consider an experience abroad component
 - i. International summer job
 - ii. PEY abroad
 - iii. Academic exchange, including CEAB implications
