International Foundation Program

As of the 2010, the Faculty has partnered with New College to provide the International Foundation Program which allows students who are academically strong but have discretionary English Facility scores to be conditionally admitted to the Faculty as non-degree students. Student in this program must complete an intensive eight month English language program and also complete the Engineering Strategies and Practice course series. Upon successful completion of both requirements, students begin their degree studies the following September (this year's cohort will commence September 2012) in the Faculty in their selected program.
