

Engineering Graduate Education Committee
Report to Faculty Council May 2008

New/modified courses approved

AER 505H	Introduction to Fusion Energy
AER1730H	Protection of Materials and Structures from Space Environmental Effects
CIV1201H	Concrete Technology and Non-Destructive Testing Principles
MIE518H	Fundamentals of Aircraft Design
MIE1128H	Materials for Clean Energy Technologies
MIE1750H	Innovation Management 1
MIE1751H	Innovation Management 2
MIE1752H	Innovation Finance and Economics
MIE1753H	Legal and Regulatory Framework for Innovation
MMS1029H	Electrochemical Synthesis of Nanomaterials

Program changes approved

Closure of Collaborative Program in Integrated Manufacturing
