

UNIVERSITY OF TORONTO
FACULTY OF APPLIED SCIENCE & ENGINEERING

Report No: 3247

To: Faculty Council

From: Professor Christopher Yip
Chair, Admissions

Date: February 8, 2010

Item: Report of the Admissions Committee

The following data were provided by the Admissions and Awards office for February 8, 2010 and are in comparison with data available from February 9, 2009

Notes:

- Slight increase in overall applications to Engineering
- Individual programs have, in general, maintained or had a slight increase in application pressure
- Applications to Engineering across Ontario are flat, with the exception of Toronto, which has seen a slight increase in the number of applications. This is based on data from OUAC.

For the 2010 admission cycle, and based on data available on February 9th, 2010

Gender balance

Program	% female	% male
IFP	33.33	66.67
Chemical	34.39	65.61
Civil	21.80	78.20
Computer	12.14	87.86
Electrical	16.36	83.64
Track One	22.07	77.93
Eng Sci	22.16	77.84
Industrial	31.88	68.12
Mineral	20.83	79.17
Mechanical	8.28	91.72
Materials	27.92	72.08
