

Report No: 3257

To: Faculty Council

**From: Professor Chris Damaren
Chair, Engineering Graduate Education and Research Committee**

Date: May 10, 2010

Item: Report of the Engineering Graduate Education and Research Committee

New Courses Approved

BME1480H	Experimental Design and Multivariate Analysis in Bioengineering
CHE1100H	Fundamentals of Chemical Engineering
CHE1146H	Applied Transport Phenomena in Energy Systems

New Seminar Requirement

Department of Mechanical and Industrial Engineering – MASc and PhD Programs:

MASc students in their first year of study, and PhD students in their first and second years of study, will be required to attend at least 70% of seminars that are part of the MIE Seminar Series.

MASc students who complete the requirement will receive credit for SRM3333Y Master's Seminar Series.

PhD student who complete the requirement will receive credit for SRD4444Y Doctoral Seminar Series.
