Re: **CEAB Accreditation Decisions**

In October 2018, our Faculty's nine undergraduate programs underwent an accreditation review by the Canadian Engineering Accreditation Board (CEAB).

The Board has advised us of their accreditation decisions. I am pleased to report that all nine of our undergraduate programs have been accredited for the maximum period of six years, to June 30, 2025.

I would like to express my appreciation for the efforts of all involved in preparation for and throughout the CEAB visit.
